Khalia,

I have attached the sharepoint site with a form to fill out for adding PFAS sites to the consultation list. In addition, I usually prepare a secondary document for Linda Gaines. I have been giving her a one page summary of the site and a map.

Thanks

Subject: Package for HQ -PFAS

Hi, Connor.

Would you be able to send me the package you sent to HQ for your PFAS site? I need to put one together for one of my sites and would like to see an example first.

Thanks.
